APPENDIX

LIFE CHANGING INVESTMENTS

Step I: Finding firms that are well positioned – Our core themes

Step I: ESG exclusions and Green Flags

Exclusions “Red Flags”

We exclude companies* within the following sectors:

- Tobacco
- Alcohol (including beer)
- Narcotics
- Non-renewable power utilities
- Nuclear power
- Adult entertainment
- Fur trade
- Armaments (zero tolerance for controversial weapons)
- Gambling
- Gas/oil exploration and production
- Coal mining
- Hydrogen power (unless green hydrogen)
- Fast fashion
- Palm oil (unless demonstrably sustainable)
- Commercial fishing (unless demonstrably sustainable)
- Financial institutions engaging in abusive lending practices**

ESG Positive Inclusion Criteria “Green Flags”

- ✓ Companies with a pro-active approach to engaging with investors and arrange regular open-access calls with management
- ✓ Companies that provide transparency on identity of majority shareholders
- ✓ For high-risk industries, we only select companies that publicly disclose critical practices such as Health and Safety policies
- ✓ For non-pharmaceutical companies, we only select those that ban animal testing (unless it is required by law and must be a substantial minority (<20%) of overall sales)
- ✓ For companies that use significant natural resources such as water in their operations or production processes, we only select companies that have a pro-active approach to management and disclose usage and/or conservation levels
- ✓ For high-risk industries we only select companies that publicly provide or disclose when requested GHG emissions data

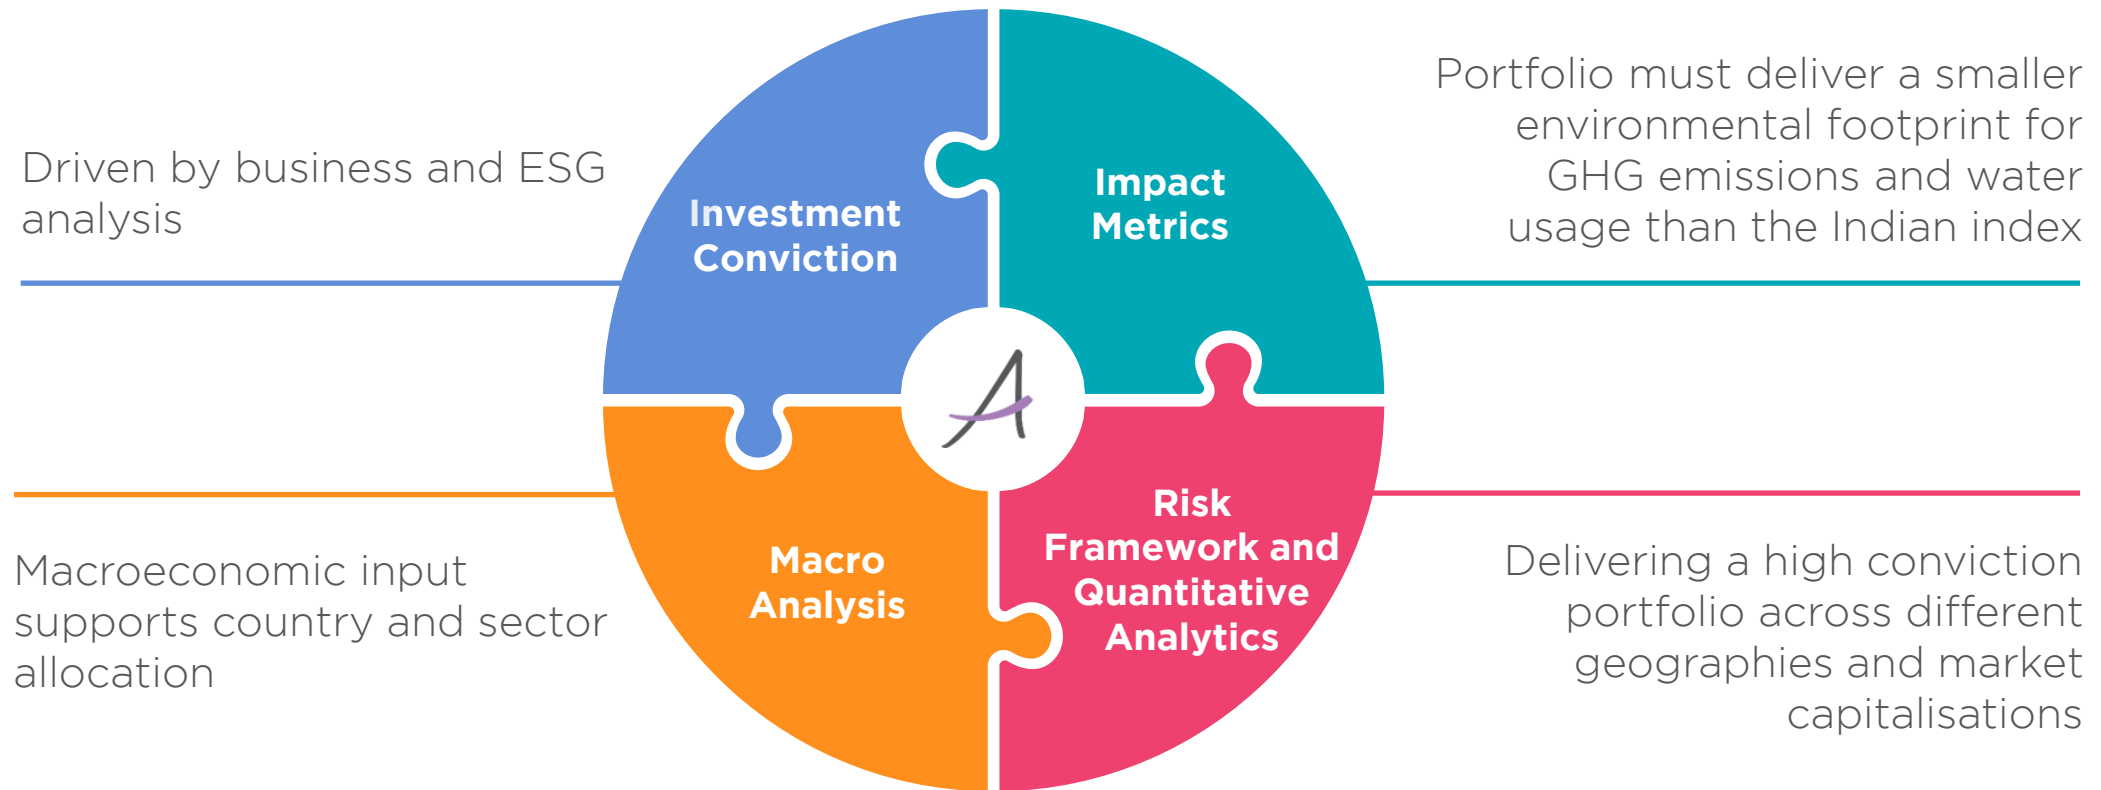

Only companies with a clean bill of health and without ongoing ESG controversies and unresolved scandals

Step II: Proprietary ESG rating methodology

- Deep fundamental financial analysis with a long-term perspective
- Market and site visits help verify our analysis and management claims through first-hand experience
- Forward-looking, qualitative ESG assessment
- ESG and climate transition risks incorporated into DCF valuations

ESG Rating	Description of company achieving this rating
A	High risk industry demonstrating global best practice performance in ESG Lower risk industry demonstrating regional best practice in ESG
B	High risk industry demonstrating regional best practice in ESG Lower risk industry with satisfactory ESG performance better than regional peers; or in-line with regional peers but with a demonstrable intention to improve on material KPIs
C	High risk industry with satisfactory ESG performance, in line with regional peers, but demonstrating a meaningful commitment to improve on material KPIs Lower risk industry with satisfactory ESG performance in-line with or better than regional peers, but with no demonstrable intention to improve on material KPIs
FAIL	

Step III: Portfolio construction – Holistic, risk-managed and impact driven

Step III: Prioritising material impact outcomes across the portfolio

Scope 1 and 2 GHG Intensity (in tonnes/\$m)*

67%

less GHG Intensity than its index

Water Intensity (in tonnes/\$m)**

Step IV: Portfolio management – Ongoing risk control and stewardship

Step IV: Portfolio management – active ownership and influence

ENVIRONMENTAL

- ✓ Emissions and/or climate impact disclosure
- ✓ Water usage and mitigation efforts disclosure
- ✓ Production of waste material disclosure
- ✓ Plan to achieve Net Zero
- ✓ Prevention of biodiversity loss actively considered in the strategic plan and/or TNFD reporting*
- ✓ Reporting in line with TCFD recommendations*

SOCIAL

- ✓ Health & Safety policy
- ✓ Equal Opportunities Policy
- ✓ Staff training policy in place
- ✓ Staff turnover data disclosure
- ✓ 'Lost Time Injury' rates available
- ✓ Gender diversity policy at senior management and board level

GOVERNANCE

- ✓ Whistleblowing policy available to all employees
- ✓ Percentage of independent directors on the board \geq than the free floating share percentage of the holding
- ✓ Management remuneration packages disclosure

- Voting and engagement driven by materiality and KPIs
- Impact measurement clearly defined against the SDGs

Step IV: Portfolio management – The evolution of our KPIs

Holdings of the India Fund meeting each KPI (% of companies)

Step IV: Portfolio management – Alquity’s ESG advocacy

We engaged with 33 of our investee companies on a range of E, S and G issues in 2024

Staff relocation practices

GHG and water reduction

Tenure of independent directors

Net Zero targets and disclosure on Lost-Time Injury rates

ESG KPIs for management and biodiversity

Management remuneration benchmarking and disclosure of ESG failures in supply chain

Alquity led group engagement

On ESG disclosures and the phase-out of financing for carbon-intensive projects
Since our engagement, ICICI has greatly improved its disclosures (e.g. Scope 3)

Step IV: Portfolio management – Voting in 2024

- Alquity fund managers review 100% of resolutions, in line with both ISS recommendations and our own Principles of Governance
- We voted against management in 19% of occasions
- We will vote against elections of all directors if zero board gender diversity exists
- Maximum 1% employee share grant issuance p.a., with suitable vesting and maximum 10% discount
- Maximum 9-year tenure for independent directors and maximum 6 other public, external directorships
- We will always vote for actions that support our KPIs

Company example - Lemon Tree

Market Cap (USD): 1.2bn
Out of index

INVESTMENT CASE

- **Aspirational shift** towards branded hotels, and away from unorganised sector
- **Secular growth in domestic travel**, aided by higher disposable incomes and improving transportation. Demand growth of 9.7% to outstrip supply growth of 5.9% over the next 5 years
- **Hotel supply penetration** in India is very low

Number of branded rooms per segment in India (in thousands)

Hotel supply penetration
(number of rooms per 1,000 people)

Midscale/economy hotel rooms increased 24x over the last 20yrs

ESG HIGHLIGHTS

- One of India's largest employers of disadvantaged people (targeting 30% of staff by 2026)
- **ESG rating: B**

VALUATION

- 128% upside in our bull case
- 48% upside in our base case
- 11% upside in our bear case

Company example – Metro Brands

Market Cap (USD):
4.0bn
Out of index

INVESTMENT CASE

- One of India's largest footwear retailers
- India is amongst the **lowest per capita consumer of footwear globally**, providing a huge runway for growth
- Just **35% organised retail penetration** in footwear
- Recent **FILA acquisition can supercharge growth** (FILA in China has a dominant position and boasts over 2,000 outlets)
- Signed a **multi-decade licencing agreement with Footlocker** in late 2023, providing a unique customer proposition

Per capita consumption of footwear (2019)

ESG HIGHLIGHTS

- Metro recycled 2 million pairs of discarded shoes in FY23. Longer term, Metro **aims to recycle one pair of shoes for every pair it sells**
- **ESG rating: C**

VALUATION

- 67% upside in bull case
- 29% upside in base case
- 6% upside in bear case

Company example – Polycab

POLYCAB

Market Cap (USD): 12.9bn

Added to the EM index in November 2023*

INVESTMENT CASE

- **Largest manufacturer of cables and wires** in India
- **Urbanisation:** Urban population expected to increase from ~35% to ~41% by 2030. 70% of wire demand is driven by real estate
- **Strong cable demand** from burgeoning industries and government infrastructure drive growth (data centres, EVs, railways, metro, etc.)
- **Transitioning to clean energy** requires an overhaul of existing systems, requiring fresh cables for power transmission. Renewables capacity is expected to increase from 184 GW to ~500 GW by FY30E as India aims to meet 50%+ energy needs through non-fossil fuel power sources

Polycab revenue evolution (in INR bn)

ESG HIGHLIGHTS

- 10% of energy consumed is from renewable sources
- **ESG rating: B**

VALUATION

- 72% upside in bull case
- 9% upside in base case
- -19% downside in bear case

Company example – Vmart

Market Cap (USD): 0.93bn

Out of index

INVESTMENT CASE

- **Small-town, rural focused retailer** with 467 stores (vs just 214 in 2019)
- Beneficiary of the **structural shift to organised retail** and **India’s favourable demographics**
- **First met in February 2014** (we have met Vmart 21 times in total)
- **Our Transforming Lives consumer panel** in January suggested a rural recovery
- We reinvested in the company on March 28th 2024

ESG HIGHLIGHTS

- Training academy focusing on disadvantaged people
- **ESG rating: Upgraded from C to B in June 2018**

VALUATION

- 137% upside in bull case
- 72% upside in base case
- -17% downside in bear case

Domestic travel is an unrecognised structural opportunity...

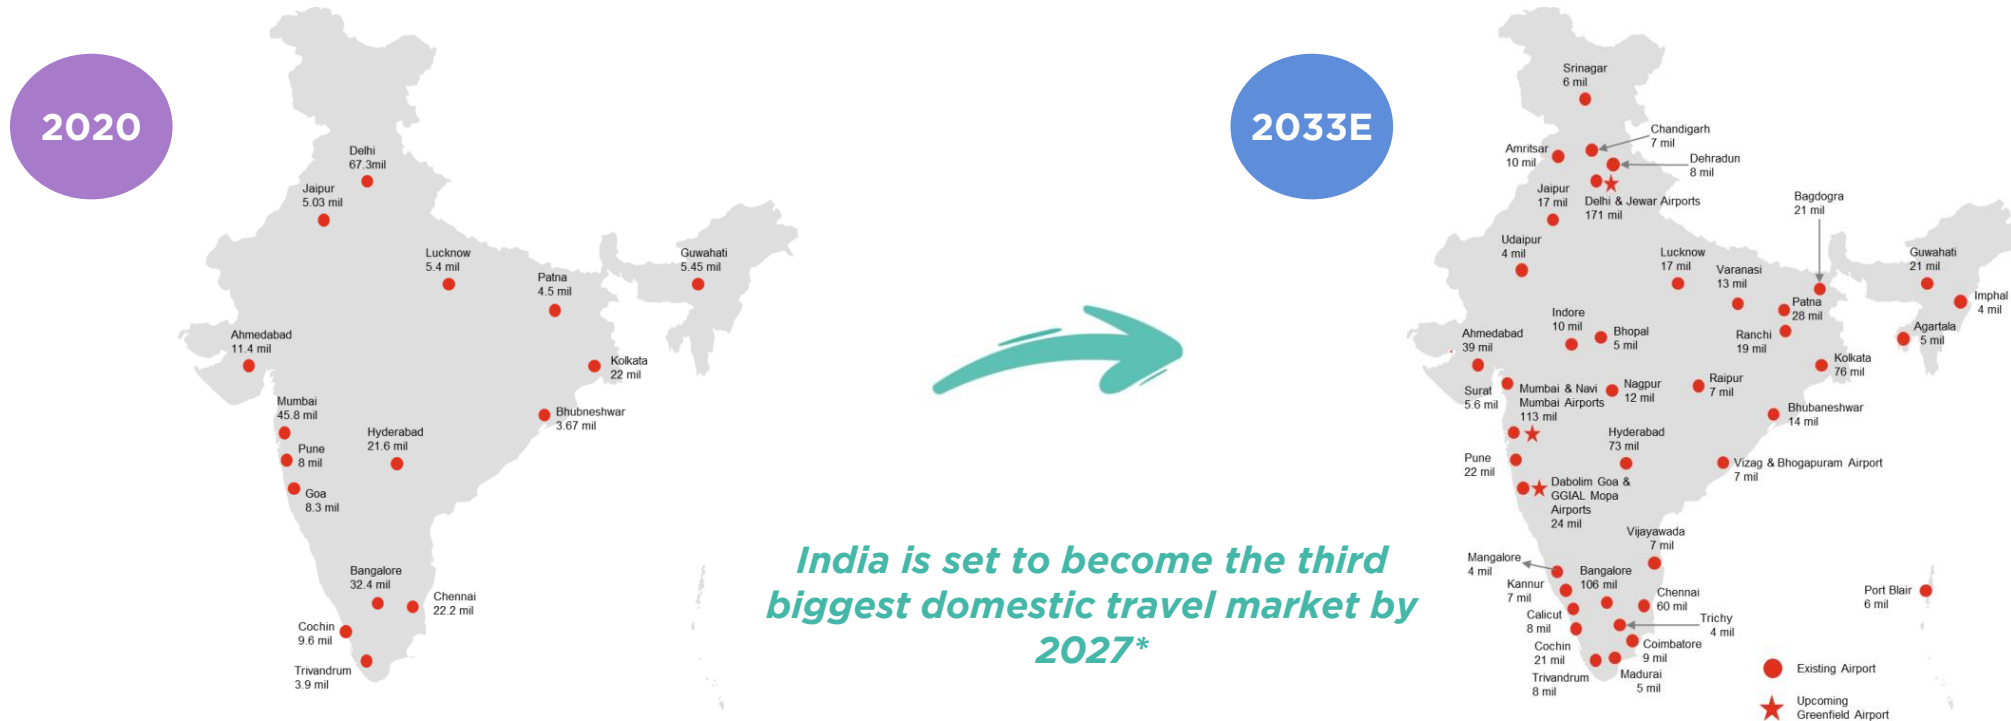

...and largely small-cap and out-of-index

make *my* trip

Issued by Alquity Investment Management Limited, which is authorised and regulated in the United Kingdom by the FCA and operates in the United States as an “exempt reporting adviser” in reliance on the exemption in Section 203(m) of the United States Investment Advisers Act of 1940.

The Alquity Asia Fund, the Alquity Future World Fund, the Alquity Indian Subcontinent Fund and the Alquity Global Impact Fund are all sub-funds of the Alquity SICAV (“the Fund”) which is a UCITS Fund and is a recognised collective investment scheme for the purposes of the Financial Services and Markets Act 2000 of the United Kingdom (the “FSMA”). This does not mean the product is suitable for all investors and as the Fund is invested in emerging market equities, investors may not get back the full amount invested.

This Document is qualified in its entirety by the information contained in the Fund’s prospectus and other operative documents (collectively, the “Offering Documents”). Any offer or solicitation may be made only by the delivery of the Offering Documents. Before making an investment decision with respect to the Fund, prospective investors are advised to read the Offering Documents carefully, which contains important information, including a description of the Fund’s risks, conflicts of interest, investment programme, fees, expenses, redemption/withdrawal limitations, standard of care and exculpation, etc. Prospective investors should also consult with their tax and financial advisors as well as legal counsel. This Document does not take into account the particular investment objectives, restrictions, or financial, legal or tax situation of any specific prospective investor, and an investment in the Fund may not be suitable for many prospective investors.

An investment in the Fund is speculative and involves a high degree of risk. Performance may vary substantially from year to year and even from month to month. Withdrawals/redemptions and transfers of Interests are restricted. Investors must be prepared to lose their entire investment, and without any ability to redeem or withdraw so as to limit losses.

References to indices herein are for informational and general comparative purposes only. There will be significant differences between such indices and the investment programme of the Funds. The Fund will not invest in all (or any material portion) of the securities, industries or strategies represented by such indices. Comparisons to indices have inherent limitations and nothing herein is intended to suggest or otherwise imply that the Fund will, or are likely to, achieve returns, volatility or other results similar to such indices. Indices are unmanaged and do not reflect the result of management fees, performance-based allocations and other fees and expenses.

All Fund performance results presented herein are unaudited and should not be regarded as final until audited financial statements are issued. Past performance is not necessarily indicative of future results. Returns may increase or decrease with currency fluctuations. All performance results are based on the NAV of fee paying investors only and are presented net of management fees, brokerage commissions, administrative expenses, and accrued performance allocation, if any, and include the reinvestment of all dividends, interest, and capital gains. Net returns shown herein reflect those of an investor admitted at inception of the Fund, and are representative of a regular shareholder, net of applicable expenses and reflect reinvestment of dividends and interest. In the future, the Fund may offer share in the Fund with different fee and expense structures. The value of the fund may be significantly affected by fluctuations in foreign exchange rates. Currency exchange rate movements can lead to an increase or decrease in the value of the fund’s investments.

The Fund’s investment approach is long-term, investors must expect to be committed to the Fund for an extended period of time (3-5 years) in order for it to have an optimal chance of achieving its investment objectives.
