Alquity Global Impact Fund, GBP Y Class Institutional/Reporting Shares (LU1070051294)

a sub-fund of Alquity SICAV

Management Company: East Capital Asset Management S.A.

Objectives and investment policy

Objectives

The sub-fund aims to achieve long-term capital appreciation by investing in companies committed to delivering sustainable long-term earnings streams by delivering quality products and services that have positive future societal impacts. The sub-fund has a sustainable investment as its objective within the meaning of article 9 of Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial services sector.

Investment policy

The sub-fund will essentially invest in a widely diversified portfolio of companies such as medium enterprises (SMEs) and the commercial and industrial (C&I) which operate across the entire value chain in sustainable/green energy, agricultural, health, humanitarian and educational system sectors.

The sub-fund may also invest in equity securities that, have a positive impact in terms of one or more of the United Nation Sustainable Development Goals (SDG's), and/or support the societal transition to a low carbon, and/or meet high and improving Environmental, Social and Governance criteria, and/or deliver and are committed to maintaining above average metrics for areas such as, but not limited to: gender equality and diversity, the quality of pay, efficiency-water, waste and energy as proxy, and/or, Maximise the use of technology to solve important societal issues, and/or, exclude sectors that serve no positive social purpose (i.e. tobacco, liquor, gambling, narcotics, adult entertainment, armaments, fossil fuels, coal mining).

The investment manager will use quantitative and/or qualitative approaches to build the portfolio, and will incorporate the managers proprietary ESG frameworks to help build a portfolio consistent with high ESG aims and delivery of positive societal impacts.

Investments will be made in companies that will benefit from the transition to a new and more circular economy based around the aspirations of agendas such as the United Nation Sustainable Development Goals (SDGs).

The sub-fund will mainly invest, directly or indirectly, in equities.

The sub-fund may also invest in assets such as bonds, Money Market instruments, time deposits, derivatives instruments etc.

The sub-fund may, on an ancillary basis, hold cash and equivalents.

The sub-fund is unconstrained, with a thematic process that incorporates ESG (environmental, social, governance) and impact analysis. The ESG analysis eliminates over 20% of potential stocks that have passed our thematic filter. Furthermore, in order to meet our desired portfolio characteristics and tracking error, we may optimise the portfolio with reference to a relevant index. It is our intention that the investments contained within the sub-fund will collectively emit lower GHG and use less water than the relevant index.

The sub-fund is actively managed without reference to a benchmark.

The reference currency of the sub-fund is expressed in USD.

The currency of the share class is expressed in GBP.

The investor may subscribe and redeem shares on each bank business day in Luxembourg and the United Kingdom.

These shares are capitalisation shares. Income and capital gains are reinvested.

Recommendation

This fund may not be appropriate for investors who plan to withdraw their money within 3-5 years.

Risk and reward profile

The category 6 means a high risk and consequently high potential losses and gains.

The risk category has been determined on the basis of historical and simulated data and may not be a reliable indication of the future risk profile. The risk and reward category shown does not necessarily remain unchanged and the categorisation of the fund may shift over time.

The lowest category of the risk indicator does not mean a risk-free investment. Repayment of the initial investment is not guaranteed.

Which materially relevant risks are not adequately captured by the synthetic indicator?

- **Currency risk:** the fund may have holdings which are denominated in different currencies and may be affected by movements in exchange rates. Consequently, the value of the Fund's investments and the income from them may rise or fall in line with exchange rates.
- **Emerging and Frontier markets risk:** the risk related to investing in countries that have less developed political, economic, legal and regulatory systems, and that may be impacted by political/economic instability, lack of liquidity or transparency, or safekeeping issues.
- **Derivatives:** this fund can use derivatives in order to meet its investment objective. The use of derivatives may result in greater fluctuations in the value of

the Fund, and may increase the magnitude of any losses.

- **Liquidity risk:** the risk that arises when adverse market conditions affect the ability to sell assets when necessary. Reduced liquidity may have a negative impact on the price of the assets.
- **Operational risk:** the risk of losses resulting from errors or failures arising from the people, systems, service providers or processes upon which the Fund depends.
- **Legal or Tax risk:** arising from a change in legal regulations, tax rules of the application of them.
- **ESG risk:** the security selection made in accordance with such criteria can involve a significant element of subjectivity. ESG factors incorporated in the investment processes may vary depending on the investment themes, asset classes, investment philosophy and subjective use of different ESG indicators governing the portfolio construction or its underlying investments. Accordingly, there is no assurance all investments of a given sub-fund meet all ESG criteria. The investment process for the fund encompasses the consideration of environmental, social and governance (esg) factors to ensure that investments made by the fund contribute to long term sustainable economic growth and progress towards the UN Sustainable Development Goals. This consideration of ESG issues eliminates a minimum of 20% of the stocks from the fund's initial universe. The ESG performance of holdings is monitored as a part of the investment process to ensure they remain aligned with these objectives.
